

Superstar on the Team

“I just wanted to send along some extremely high level praise for **Alain Maldemay**, our new custodian here on the second floor of Hicks. He is a lovely person (I am practicing my French every day), and he is also an amazing cleaner! In all honesty, the whole floor has never looked better! He is always smiling and nice to everyone, and he really goes above and beyond every day. The students who are around chat with him too. He’s just really great at his job. You have a superstar on your team!”
