

Happy Coburg Clients

Maricar Dimarucut (Cai) has made a big impression on her clients at Coburg Place.

“She does a fine job, is thorough and always happy.”

Michael Butler, Director, International Ocean Institute-Canada

“She is so pleasant and the work she does each day is very thorough! She spends time in each office, each cubicle and the conference rooms are spotless! The floor are scrubbed , the desks are dusted. It’s so lovely to enter a clean office every day.

Becky Merritt - Office of Advancement

“We appreciate the high quality of her work and attention to detail. She has taken a good standard of cleaning to an even higher level, taking care of some out-of-the way debris that had been previously unreported and overlooked; she also has a good eye for keeping common areas neat. She is extremely thorough when cleaning the offices; I don't know when my office has looked this good!

Margaret Douma from Clean Technologies Research Institute at 6414 Coburg
