

Dedication, Commitment and Quality

“Dedication, commitment and quality. **Shannon Emmerson** is so pleasant and positive to work with. She goes above and beyond, our work spaces are very clean and the floors look 100% better than when we moved in last August. She goes the extra mile to make our kitchen spic-and-span, too. Faculty, staff and students all really appreciate everything she does here at O'Brien Hall. Her positive energy and hard work make a big impact and improve our work experience.”

*Brenda Matheson
Faculty of Architecture and Planning - School of Planning*
