Can’t Survive without AC’s FM Team

The full **FM team on the Ag Campus** came through for me in countless ways to execute my annual (and very stressful) Homecoming Weekend. From event setup, to custodial, to unexpected things like lighting, they all helped make it a success and I could not have survived without them. I am extremely grateful for all that they do and for their patience with me and my inevitable last-minute panic. Not to mention the fact that for the last couple of years, Homecoming and Truro Open House have fallen at the same time, which I know complicates things for FM (although creates a great experience for visitors)
