Commitment to Excellent Service

I would like to recognize **Mike Blakeney** for his proactive approach, professionalism, and commitment to providing excellent service. Mike takes the initiative to connect with department and building administrators to learn about upcoming projects and anticipated needs. By keeping everyone informed of the Paint Shop's availability, he helps coordinate and schedule smaller jobs efficiently, ensuring work can be planned with minimal disruption to building operations. His extensive knowledge of paint finishes, colour matching, and application techniques is a valuable resource. Mike is always willing to share his expertise and offer practical advice to achieve the best possible results.

Mike's initiative, collaborative approach, and attention to detail are greatly appreciated. He is a tremendous asset to Facilities Management and the departments he supports.

Tammy Chouinard, Manager of Building Operations & Technology, Faculty of Dentistry
