Bookstore Has Never Looked Better

I have been working at the bookstore for almost 10 years and have never had such a clean office or store. No detail is left to chance. **Brigitte Gallant** is professional, detail oriented, pleasant and efficient. We notice when she is not here. Bridget is one of the hardest working, most dedicated cleaner we have ever had here at the bookstore (and we loved Doreen!) She is always going above and beyond in her duties. She is caring and compassionate about her job. She makes it look easy but she works so hard and it shows! I thank her everyday for all her hard work and dedication. Bridget is unwaivering in her commitment to her job, every single day. Not only does she take initiative but her work is done to perfection. She is a pleasure to work with and since she has come to our area to work, it has never looked better. We never have to ask for anything, it's always already done.
