Sidewalks Clearer Than Anywhere Else in HRM

Kudos to the FM Grounds Team on the snow clean up from the January 2026 winter snow storms. It's remarkable how our campus sidewalks and walkways are clearer than the rest of Halifax streets – It's very clear our FM team takes pride and care to make sure our campus is safe for students, staff, and faculty members walking through our campuses. Thanks for all the work!

Nathan Rogers, Assistant Director, Capital Planning
