Managing a Big Move

The Political Science Department recently moved from Henry Hicks to the McCain Building and clients are grateful to custodians in both locations.

I would like to express my sincere appreciation to custodian **Linda (Lin Xiaojie)** for her outstanding custodial support before and during our move. She assisted us at every stage, consistently going above and beyond, and always with a smile. Her dedication and positivity certainly made our transition much smoother as we left the Henry Hicks Building.

It was wonderful to be greeted by custodian **Melissa Elliott** with a huge smile the day we arrived at McCain. She was a great help particularly with the many boxes that came with the move.

Tracy Powell, Department of Political Science
