Expertise, Initiative and Enthusiasm

"**Monica Williams** has been an advocate and leader on multiple facilities projects that have supported the Faculty of Health across the Schools/College. Monica has excelled at moving complex facilities challenges forward with expertise, initiative and enthusiasm. She is actively engaged with the Forrest Renovation, the Kinesiology Expansion, and had been working closely with the RO, OPIE, the Deans Office to name a few partners. Monica is a team player and leader who goes the extra mile to get the work done, takes time to understand the complexities of our Faculty and is just a downright great colleague.
