Fortunate to Have Verna

Custodian **Verna McNeil** exemplifies all the qualities you list, so it is hard just to pick one. You only have to ask her to do something and she is right there. She's pleasant, helpful and our building is always clean-the floors are shiny, the bathrooms spotless. She clearly cares about us all, and interacts with the students and staff. It's a big building for one person to stay on top of, especially in winter when the most students are in it, but she is always there. We are so fortunate to have her.
