

Presidential Thanks!

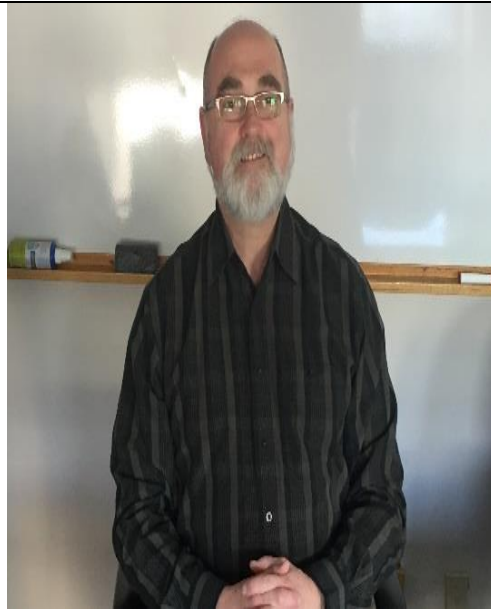

In January of 2018, Mary Jane Adams, Pat Maclsaac and Steven Critch took on the task of helping to enhance the office of our very own president, Richard Florizone. Much to his delight, the improvements were completed in an expeditious manner.

“Thank you to you and your team for all your work in our office last week. I just returned this morning and it was great to have the space ready to go. It’s a big improvement and I sincerely appreciate it.”
