

# Superlative Steven!!

Praise is being sent from left, right and centre for Steven Critch, who recently reinforced a door at the Sexton Campus.

“I am really happy with the quick response but I am just as pleased with Steven's smart solution to the problem. Thanks again to everyone who played a role in looking after this.” - **Stephen Kuzak, Ph.D., P.Eng.** – Department Head - Department of Process Engineering and Applied Science

“I just wanted to add a sincere thank-you to all involved. Especially Steve Critch - many thanks!” - **Paul Amyotte** – Professor, PhD, PEng, CD Howe Chair in Process Safety - Department of Process Engineering and Applied Science

“Lots of praise for one Steve Critch, whose work does a lot to alleviate faculty concerns after a lab break-in.” - **Craig Arthur** – Safety Office
