

Grounds Team Impresses at the President's Residence

Nadine Alexander and David Akerley had a lot of work to do this spring to get the President's House ready for several important events.

Their work was appreciated.

“Nadine and Dave have exceeded my expectations on the landscaping! I'd only been hoping to have the grounds tidy the flurry of events we're having, but having plantings as well, and such a smart and adaptable solution for the front step planters, is such a bonus! It all looks wonderful! We'll really be in fine shape for the spring event season.”

All the best,
Mona Holmlund
Assistant Professor, Department of History
