

# MANNY WILL BE MISSED

Manny is thoughtful, caring and great to be around. He is dedicated to his job and respectful of everyone's workspace. He greets everyone with kindness and cheer that makes every day ended on a high note. He always puts everyone's safety first. For example, he reminds us when the floor is wet, when the weather turns bad, or when there is something in our way. We're really sad that he's moving to another building due to work schedule. Here's a big kudo to Manny for being a great example of what all Dalhousie employees should be.
