These individuals will be able to authorize any financial transaction $100,000 or less.

**All the above steps remain the same except for step #8.** In order to delegate $100,000, the only Orgn Codes that can have this limit assigned this limit are those that start with a ‘D’, ‘S’ or ‘A’ (department, faculty or major service unit codes).

There is a limit to the number of people who can have this amount.
- Faculty or Major Service Unit (SXXXX) – two individuals may have $100,000.
- Department (D#####) – one individual may have $100,000

From the drop down, select $100,000. The only individuals who can be assigned this limit are those who are DPMG employee at level 5 or higher.

**Delegating Total Budget Spending Authority limit:**

**Research Accounts:**
To delegate spending authority for transaction greater than $10,000 to your Dean and/or Department Head, please follow the above steps, however at step #8 after you enter the research account in the Orgn Code field, select Total Budget from the Maximum Amount drop down list and click the Save Changes button. An error message will appear if the Dalhousie ID entered is not your Dean or Department Head. Spending authority for transactions greater than $10,000 can ONLY be granted to your Dean and/or Department Head.

**Department Accounts (D#####):**
To delegate spending authority to your Chair, Department Head, Director or Manager responsible for the budget and operations of a department, the Unit Authority (Dean or AVP) may delegate Total Budget. It is the same process as for the Research accounts above. Please note: if this individual is not setup in Banner Finance as the individual responsible for the department code (D#####), the Total Budget will not be available. Please contact finweb@dal.ca to notify of changes in personnel.

Please note: when Chairs, Department Heads, Directors and Managers leave their position, the person replacing them do NOT automatically get setup with spending authority. This is a conscious decision the Unit Authority must make and action.
