About this Booklet

This booklet, together with your identification card, contains important information about your group benefits coverage. You should keep them in a safe place for future reference.

This booklet summarizes the important features of your group benefits coverage. It is prepared as information only, and does not, in itself, constitute an agreement. The exact terms and conditions of your group benefits coverage are described in the group plan held by your employer. In the event of a difference of wording from those of the group plan, the group plan will prevail, to the extent permitted by law.

You and Your Dependents

Throughout this booklet we use several key terms when we refer to you and your Dependents:

- the terms that may refer to you are: Employee, Member and Participant;
- the terms that may refer to your Dependents are: Dependent, Spouse, Child and Participant.

Employee: A person who:

- resides in Canada; and
- works a minimum of 50% of the normal hours per week for the employer.

Employees on a temporary, contractual (of less than eight months) or seasonal basis, as well as Employees who work outside of Canada on a regular basis, are not eligible for coverage unless otherwise specified in the Summary of Benefits.

Member: An Employee who is eligible and approved for coverage under this plan.

Dependent: Your Spouse or Child.

Spouse: The person who:

- is a resident of Canada; and
- meets one of the following criteria:
  - is married to the Member;
  - is in a civil union with the Member as defined by the Civil Code of Quebec; or
  - has been living with the Member in a conjugal relationship for at least 1 year; however, where required by provincial legislation, this 1 year period is waived if a child is born of such relationship.

In the event of divorce, legal separation or discontinuance of a conjugal relationship, the Member may continue coverage or provide notice to Blue Cross to terminate coverage for the former spouse.

The Spouse must be designated by the Member on their application for coverage. Only one person may be covered as a Spouse at any one time.

Child: A person who:

- is a resident of Canada;
- is the natural, adopted or step child of the Member or Spouse, or the child over whom the Member or Spouse has been appointed as guardian with parental authority;
- is not married or in a common law relationship; and
- meets one of the following criteria:
  a) is under age 21;
  b) is under age 25 and is attending an accredited educational institution, college or university on a full-time basis; or
  c) became mentally or physically disabled while a child as defined in (a) or (b) and has been continuously disabled since that time.

A child is considered to be mentally or physically disabled for the purposes of this definition if they are incapable of engaging in any substantially gainful activity and are financially reliant on the Member for care, maintenance and support due to this disability. Blue Cross may require the provision of written proof of a child's disability as often as is reasonably necessary.

Helpful Tip

You are responsible for enrolling your Dependents under the plan when they become eligible.

In addition, you are responsible for removing them when they no longer meet the definitions outlined here.

You can update your family and/or Dependent status by filling out and submitting a change form, available through our website.

Helpful Tip

A Member, Spouse and Child are all Participants under the plan.

Participant: The Member or one of the Member's Dependents who has been approved for coverage under this plan.

Other Important Terms

Accident: A sudden, fortuitous and unforeseeable event that:

- is violent in nature;
- arises solely from external means;
- causes bodily injury to the Participant directly and independently of all other causes; and
- is unintended by the Participant.

The resulting injury to the Participant must be certified by a physician.

Actively at Work: Employees are Actively at Work on a specified day if they report for work at their usual place of employment and are able to perform the Regular Duties of their occupation, according to their regular work schedules.

Employees who are not required to report for work on a specified day due to holidays, shift variances, vacations or weekends are still considered to be Actively at Work if they could have reported for work and performed the Regular Duties of their occupation on that day.

Helpful Tip

One of the eligibility requirements for coverage is that you be Actively at Work.

Activities of Daily Living: The following 5 activities:

- Eating: the ability to manipulate prepared food or liquid into the mouth;
- Dressing: the ability to put on and remove necessary articles of clothing that are normally worn, including leg braces;
- Bathing: the ability to cleanse the entire body using soap and water, including turning on faucets and shower mechanisms, getting into and out of the bath or shower and drying oneself;
- Ambulation: the ability to move independently from place to place with or without the use of mobility aids; and
- Toileting (including continence, which is the ability to control bowel and bladder function): the ability to use a toilet, bedside commode or urinal.

Approved Provider: A provider of health care services or supplies who has been approved by Blue Cross to provide specific Eligible Expenses.

Deductible: The amount of Eligible Expenses that the Participant must pay before Blue Cross will reimburse any Eligible Expenses.

The Deductible amount applies once per calendar year or per prescription drug, as specified in the Summary of Benefits. However, Eligible Expenses incurred during the last 3 months of a calendar year that totally or partially met the Deductible for that year may be used to reduce the Deductible for the following calendar year.

Helpful Tip

Important: Blue Cross will only reimburse health expenses meeting these Eligible Expenses criteria.

Eligible Expenses: Charges incurred by the Participant for health care services and supplies that are:

- Medically Necessary;
- usual, customary and reasonable, meaning that:
  - the amount charged is consistent with the amount typically charged by Health Practitioners or Approved Providers for similar services or supplies in the province in which the services or supplies are being purchased; and

  - the frequency and quantity in which services or supplies are purchased by the Participant are, in the opinion of Blue Cross in consultation with its health care consultants, consistent with the frequency and quantity that would usually be prescribed or needed for the Participant's condition;
- recommended or prescribed by a Physician or Health Practitioner who:
  - does not normally reside in the Participant's home;
  - is not the Participant's Family Member; and
  - is not the Participant's employer or co-worker;
- rendered or dispensed by an Approved Provider who:
  - does not normally reside in the Participant's home; and
  - is not the Participant's Family Member; and
- rendered or dispensed after the effective date and while the plan is in effect, unless otherwise specified.

Helpful Tip

Family member refers to a Participant's:

- spouse;
- father or mother, or their spouse or common-law partner;
- children, or the children of the Participant's spouse or common-law partner;
- brothers and sisters;
- grandchildren; or
- grandparents.

Health care services and supplies that Participants prescribe, render or dispense to themselves are not Eligible Expenses.

An Eligible Expense is considered to be incurred on the date the service or supply was received by the Participant. Reimbursement for Eligible Expenses incurred outside of Canada will be limited to the amount that would have been reimbursed if the expense had been incurred in the Participant's province of residence, unless the benefit is restricted to in Canada only.

Where more than one form or an alternative form of Treatment exists, Blue Cross has the right to base their payment for Eligible Expenses on the lowest cost alternative if Blue Cross, in consultation with its health care consultants, deems the alternative Treatment to be appropriate and consistent with good health management.

Health Practitioner: A health care practitioner who is a registered member of their regulatory body (if applicable) and practices within the limits of their authority as established by law. If no occupational guild applies to a particular practitioner, the practitioner must:

- be a registered member of their association;
- provide care and treatment within the limits of their professional scope of practice; and
- be an Approved Provider.

Insured Benefits: Benefits underwritten and administered by Medavie Inc. which assumes all liability for their payment. In this plan, there are no Insured Benefits.

Medically Necessary: A health care service or supply provided or prescribed by a Physician or Health Practitioner to treat an injury or Illness that, in the opinion of Blue Cross after consultation with its health care consultants:

- has not been provided or prescribed primarily for convenience or cosmetic reasons;
- is the most appropriate, safe and cost effective Treatment for the diagnosed injury or Illness; and
- is generally medically recognized as acceptable Treatment for the diagnosed injury or Illness.

Helpful Tip

Blue Cross will only pay for Eligible Expenses that are Medically Necessary.

Quebec Participant: A Member or Dependent is considered to be a Quebec Participant if:

- the plan sponsor has a business office in Quebec;
- the Member resides and works in Quebec; and
- the Participant is subject to the Act Respecting Prescription Drug Insurance.

Self-Insured Benefits: Benefits that are:

- fully funded by the plan sponsor who assumes sole liability for their payment; and
- administered by Medavie Inc. under an administrative services only contract with the plan sponsor.

In this plan, drug, extended health, dental and health spending account benefits are Self-Insured Benefits.

Treatment: The management and care of a Participant to improve or cure an Illness, disorder or injury. This management and care must be:

- considered appropriate and approved by Blue Cross; and
- prescribed, provided or performed by a Health Practitioner or Physician practicing in the field of medicine applicable to the Participant's disease, disorder or injury.

Who is Eligible for Coverage?

You are eligible for coverage if you meet the definition of Employee and are Actively at Work.

Your Dependents are also eligible for coverage if they meet the definition of Spouse or Child outlined above in the *Key Terms*.

To be eligible for coverage, you and your Dependents must be entitled to government health care coverage or similar coverage deemed satisfactory by Blue Cross.

You must continue to work the minimum number of hours per week to maintain eligibility under the plan.

Helpful Tip

Proof of health refers to statements or medical evidence about your health or the health of your Dependents.

Do I Need to Supply Proof of Health to Obtain Coverage?

You generally do not need to provide proof of health to obtain group benefits coverage. However, proof of health must be submitted if your application is received by Blue Cross more than 60 days after the date upon which you or your Dependent became eligible for coverage, with the following exceptions:

- late applicants for dental benefits (if applicable) do not need to submit proof of health. Instead their maximum benefit is limited as follows:
  - the maximum amount reimbursed under Preventive and Basic Care is limited to $150 for the first 12 consecutive months of coverage; and
  - Major Restoration will become effective following 12 consecutive months from the effective date of coverage;
- Quebec Participants who are late in applying for drug benefits do not need to submit proof of health for drug coverage.

How do I Enrol for Coverage?

Helpful Tip

If you do not enrol for coverage within 60 days of eligibility, you may be restricted when applying for benefits and your benefit levels may be reduced.

Application Form

To obtain coverage, you must complete and submit the application form provided to you by your employer and submit proof of health, if required for the reason listed above.

The completed application form must be received by Blue Cross within 60 days of the date you or your Dependent become eligible for coverage.

Can I Opt Out of Coverage for Certain Benefits?

You are not allowed to individually select the benefits you want under the plan. In addition, when you enrol for coverage you must also enrol all of your eligible Dependents, subject to the exceptions noted below:

- it is your choice whether or not to obtain coverage for dental benefits; and
- you are allowed to waive the health benefits coverage for yourself or your Dependents if you or your Dependents already have similar coverage under another group policy. In this case, you or your Dependents will again be eligible for health benefits if there is a change in your family status or if you or your Dependents' other coverage terminates for reasons outside of your control.

Helpful Tip

Health benefits may include: drug benefits, extended health care and/or dental benefits.

When Does My Coverage Begin?

Employees

Your coverage takes effect on the latest of the following dates:

- the effective date of the plan;
- the date you meet all of the eligibility requirements; or
- the date Blue Cross approves your proof of health, if required.

If you are not Actively at Work on the date you would have become eligible for coverage, your coverage begins on the date you resume being Actively at Work.

Dependents

Your Dependent's coverage takes effect on the latest of the following dates:

- the date you become eligible for coverage;
- the date they meet all of the eligibility requirements;
- the date Blue Cross approves their proof of health, if required; or
- the date following their discharge from hospital if they were hospitalized on the date they would have become eligible for coverage, unless:
  - they were covered under a Previous Policy, in which case their coverage begins on the effective date of the plan; or
  - they were born while this coverage is in force, in which case their coverage will be effective from their live birth.

Helpful Tip

Previous Policy refers to a group plan that provided coverage for you and your Dependents, and terminated within 31 days of the effective date of this group plan.

What Happens to my Coverage During Periods of Absence from Work?

Illness/Accident

If you are absent from work due to any disability recognized by Blue Cross or any disability covered by a workers' compensation board/commission or automobile insurance bureau, you may choose to retain coverage for benefits (if any) specified in the Summary of Benefits. The maximum period during which benefits will be retained is specified in the Summary of Benefits and premiums must continue to be paid for the benefits retained.

Maternity or Parental Leave/Compassionate Care Leave

During a maternity, parental or compassionate care leave of absence, you must decide whether to retain coverage for all benefits or discontinue coverage for all benefits for the maximum period provided under the applicable federal or provincial legislation. This decision is irrevocable and must be made before the leave begins. If coverage is retained, premiums must continue to be paid for all chosen benefits (if applicable) for the duration of the leave.

If you are a Quebec Participant, you must at least retain drug coverage unless you benefit from drug coverage under another group plan.

Temporary Layoff/Sabbatical/Educational Leave/Other Authorized Leave of Absence (including Disciplinary Suspension)

In such circumstances, you may choose to retain coverage for benefits (if any) specified in the Summary of Benefits. The maximum period during which benefits will be retained is specified in the Summary of Benefits and premiums must continue to be paid for the benefits retained.

Strike/Lockout

Coverage for all benefits is discontinued for the duration of any strike or lockout.

Exception: Drug coverage for Quebec Participants is retained for 30 days after any strike or lockout begins. Premiums must continue to be paid during this 30-day period.

When Does My Coverage End?

Coverage ends on the earliest of the date:

- the plan terminates;
- you or your Dependents no longer meet one or more of the eligibility requirements;
- your employment is terminated;
- you reach the termination age or termination date, if any, specified in the Summary of Benefits;
- you retire from the employer, unless otherwise specified in the Summary of Benefits;
- you die;
- you or your Dependents commit a fraudulent act against Blue Cross or the plan sponsor; or
- the plan sponsor defaults in payment of premiums.

Coverage for your Dependents will also terminate on the date your coverage terminates.

No coverage will be provided to you or your Dependents while performing duties as an active member in the armed forces of any country, unless coverage must be retained under the applicable provincial legislation.

Helpful Tip

The benefit of converting your group coverage is that you do so without having to provide proof of health.

Conversion premium rates will typically be higher than group premium rates currently paid.

Instead of converting your group coverage, you may prefer to apply for an individual plan, which will require Proof of Health.

What Happens When Coverage Ends?

Right to Convert to Individual Coverage

Upon termination of coverage for certain benefits, you and your Dependents have the right to convert your group benefits coverage to an individual insurance policy, provided certain criteria are met.

The benefit details will specify if this conversion right applies to a particular benefit.

When conversion is available, the following terms and conditions apply:

- You must, within 31 days of the date of termination of your group coverage:
  - submit the application form provided by Blue Cross for the purpose of conversion to individual coverage; and
  - pay the entire amount of the first month's premium of the individual policy, in accordance with the method of payment stipulated by Blue Cross;
- the individual policy will be issued without requiring proof of health;
- the premium for the individual policy is based upon the individual policy rates in effect on the date of application;
- the individual policy is subject to any maximum and minimum values or other additional terms and conditions that are specified in the *Right to Convert to Individual Coverage* provision of the applicable benefit.

Survivor Coverage

In the event of your death, coverage for your Dependents will continue with payment of premiums for certain benefits, if specified in the Summary of Benefits.

Survivor Coverage for your Dependents will terminate on the earliest of the following dates:

- the group plan termination date;
- the date the maximum Survivor Coverage period has been reached, as specified in the Summary of Benefits;
- the date your Dependents obtains similar coverage under another plan;
- the date your Spouse reaches age 65; or
- the date your Dependents are no longer considered to be eligible Dependents (for reasons other than your death).

What if I Have Coverage Elsewhere?

Blue Cross will co-ordinate your group benefits coverage with other health plans when similar coverage is available. The co-ordination of benefits process helps ensure you get the most out of your coverage, and also means you can receive up to, but no more than, 100% reimbursement for Eligible Expenses.

Helpful Tip

Blue Cross will help direct you to existing **government programs** whenever possible.

Government Health Care Coverage

Blue Cross will not pay for any health care services or supplies available under government health care coverage, or administered by government funded hospitals, agencies or providers. Blue Cross will only consider Eligible Expenses in excess of those provided under government health care coverage.

Other Health Plans

Do you take advantage of coverage under the other benefit plans available to you, such as your Spouse's? If not, you may be missing out on possible reimbursement of up to 100% of Eligible Expenses.

Helpful Tip

The types of other plans that are potentially subject to co-ordination of benefits include any form of group, individual, family, creditor or saving insurance coverage that provides reimbursement for medical treatment, services or supplies.

Blue Cross applies co-ordination of benefits according to the guidelines of the Canadian Life and Health Insurance Association Inc. (CLHIA). Here are general rules:

Expenses for Yourself:

- You must first submit expenses incurred to this plan (where you are covered as a Member). The balance that has not been paid by this plan (if any) can then be submitted to the other plan where you are covered as a dependent (for example your Spouse's plan).
- If you are covered as a member under more than one group benefit plan, the plan that has covered you the longest pays first.

Expenses for Your Spouse:

- Your Spouse must submit any expenses incurred for themselves to their own group benefit plan (if any) first. The balance that has not paid by their plan (if any) can then be submitted to this plan.

Expenses for Your Child:

- If a Child is covered as a dependent by both you and your Spouse, you should submit their claim to the plan of the parent whose birthday comes first in the year.
- In the event of divorce or separation, the plan of the parent with whom the Child resides (the plan of the parent with custody of the Child) pays first.

Helpful Tip

For more information on Co-ordination of benefits (including examples), visit our website.

Purpose of Coverage

Blue Cross will pay the Eligible Expenses described in this benefit, subject to the conditions outlined below.

Additional Definitions

The following definitions apply to this benefit, in addition to those found under the *Key Terms* provision of this booklet.

Eligible Drug: A drug that is:

- approved by Health Canada;
- assigned a drug identification number (DIN) or a natural health product number (NPN) in Canada;
- considered by Blue Cross to be a Life-Sustaining Drug or a drug that requires a prescription by law;
- prescribed by a physician or by a Health Practitioner who is licensed to prescribe under applicable provincial legislation;
- approved by Blue Cross as an Eligible Expense; and
- dispensed by an Approved Provider that is a licensed retail pharmacy or another provider that is approved by Blue Cross.

Blue Cross may, on an ongoing basis, add, delete or amend its list of Eligible Drugs.

Interchangeable Drug: An Eligible Drug that can be substituted for another Eligible Drug as both drugs:

- are considered pharmaceutical equivalents by Health Canada;
- contain the same active ingredients; and
- are administered in the same way.

Life-Sustaining Drug: An Eligible Drug that does not require a prescription by law but which Blue Cross is satisfied is necessary for the survival of the Participant. A prescription from a physician or Health Practitioner is still needed for reimbursement.

Medication Advisory Panel: The group of health care and other industry professionals appointed by Blue Cross to review new drugs and decide which drugs Blue Cross includes on its formularies.

Patient Support Program: A program that provides assistance and services to Participants when prescribed Specialty High Cost Drugs.

Specialty High Cost Drug: An Eligible Drug that requires Special Authorization and:

- is considered a Specialty High Cost Drug by the Medication Advisory Panel; or
- meets the following criteria:
    - costs $10,000 or more per treatment or per calendar year;
    - is used to treat complex chronic or life threatening conditions such as cardiac, rheumatoid arthritis, cancer, multiple sclerosis or hepatitis c.; and
    - is prescribed by a specialist.

What Blue Cross Will Pay

Blue Cross will pay Eligible Expenses subject to the following terms and conditions:

- payment is limited to the reimbursement level and the benefit maximums specified in the Summary of Benefits;
- the Member must pay the Deductible, if any, specified in the Summary of Benefits;
- Blue Cross may determine that certain Eligible Drugs are subject to:
    - dollar, quantity or frequency maximums;
    - Special Authorization; and/or
    - co-ordination with Patient Support Programs;
- payment for a Specialty High Cost Drug may be reduced by the amount of financial assistance available under a Patient Support Program;

- payment for prescriptions for Interchangeable Drugs is limited in accordance with the Substitution Provision of this benefit; and
- payment is limited in accordance with the Exclusions and Limitations provision of this benefit.

This benefit covers the expenses listed below, provided they also meet the definition of Eligible Expenses contained under the *Key Terms* provision of this booklet:

- diabetic supplies, including test strips, lancets, needles, syringes and insulin pump supplies;
- preparations and compounds if their main ingredient is an Eligible Drug; and
- prescribed Eligible Drugs that appear on the following drug formulary:
  - **Tiered Formulary:** List of Life-Sustaining Drugs and Eligible Drugs that require a prescription by law that are reimbursed at varying tiered levels determined by the Employer. Drugs selected for the first tier are recognized as first line therapy for the treatment of disease, and are used to treat serious medical conditions. Drugs in the second tier are drugs that may be used to treat non-life threatening conditions, and are not always considered first line therapy for the treatment of specific diseases. This formulary is subject to the decisions of the Medication Advisory Panel.

Helpful Tip

Your group benefits plan provides you with immediate access to most Eligible Drugs.

Certain Eligible Drugs require Special Authorization before your prescription is covered.

Special Authorization

Certain Eligible Drugs require prior or ongoing authorization by Blue Cross to qualify for reimbursement. The criteria to be met for Special Authorization are established by Blue Cross and may include requiring the Participant to participate in a Patient Support Program.

How does the Special Authorization process affect my claim?

The first time you present a prescription for an Eligible Drug on the Special Authorization list your pharmacist will indicate the need for Special Authorization.

Helpful Tip

To print a copy of our Special Authorization Prescription Drug Form, visit our website.

You can request a Special Authorization Prescription Drug Form from your pharmacy, your employer, the nearest Blue Cross customer information centre or from our website. You must complete the patient section of the form, have your physician complete and sign the remaining portion and mail your completed form to the nearest Blue Cross office.

Your request will be confidentially reviewed by a health care professional according to the payment criteria established. When all the required information is received by Blue Cross, the standard turn-around time for Special Authorization decisions is 7 to 10 working days.

Helpful Tip

A generic drug and its brand name equivalent are considered to be Interchangeable Drugs. Health Canada imposes the same standards and tests on generic drugs as it does on brand name drugs. Generic drugs are effective and safe, while often being less expensive.

You will receive confirmation in writing regarding the decision on your Special Authorization request. If your request is approved, this confirmation will include the effective date and duration of your approval.

Any fees associated with completing this form or obtaining additional medical information are your responsibility.

Substitution Provision

If the Summary of Benefits specifies Substitution Provision applies and an Interchangeable Drug has been prescribed, Blue Cross will reimburse to the lowest ingredient cost Interchangeable Drug.

Participants may request a higher cost Interchangeable Drug; however, they will be responsible for paying the difference in cost between the Interchangeable Drugs.

Regardless of whether the Participant's Physician indicates the prescribed Interchangeable Drug cannot be substituted, Blue Cross will only reimburse to the lowest ingredient cost Interchangeable Drug.

Payment of Claims

How Payments are Made

The Summary of Benefits specifies the Method of Payment that applies to Participants under the group plan.

Reimbursement: The Participant will pay the full cost of the prescription to the Approved Provider at the time of purchase. Blue Cross will reimburse any Eligible Expenses on receipt of proof of payment from the Participant.

Pay Direct: At the time of purchase, the Approved Provider will submit the Participant's claim to Blue Cross electronically to verify eligibility. The Participant will pay the Approved Provider only the portion of the claim that is not covered by this benefit. Blue Cross will reimburse the balance of the claim to the Approved Provider directly.

If the Participant submits to Blue Cross a paid-in-full prescription drug receipt, Blue Cross will only reimburse the amount that would have been paid to the Approved Provider if the claim had been submitted electronically.

Deferred Payment: At the time of purchase, the Approved Provider submits the Participant's claim to Blue Cross electronically to verify eligibility. The Participant pays the full amount charged by the Approved Provider and Blue Cross will reimburse the portion of the Participant's claim covered by this benefit when a specified dollar amount or a time-period threshold has been reached.

If the Participant submits to Blue Cross a paid-in-full prescription drug receipt, Blue Cross will reimburse only the amount that would have been reimbursed if the claim had been submitted electronically.

Helpful Tip

If you have a Pay Direct or Deferred Payment plan, always have your drugs submitted electronically via the Approved Provider. This will ensure you don't end up paying more out-of-pocket than you should.

Helpful Tip

If you pay up front and submit your claim for reimbursement, you may end up with surprise out-of-pocket expenses if your pharmacist charged you more than would have been permitted by the Blue Cross system.

Time Limit to Submit a Claim

Blue Cross must receive proof of claim within 24 months of the date the Eligible Expense was incurred.

Exclusions and Limitations

Unless otherwise specified in the Summary of Benefits, expenses associated with the following categories of drugs are not eligible for reimbursement:

a) varicose vein injections;
b) antihistamines and allergy sera;

Right to Convert to Individual Coverage

A Participant who is not a Quebec Participant and who is no longer eligible under this benefit may convert their group coverage to a similar individual drug plan provided by Blue Cross.

Individual policies issued under this conversion option are subject to the terms and conditions specified in the *Right to Convert to Individual Coverage* found under the *Coverage Details* of this booklet.

Quebec Participants who are no longer eligible for drug benefit coverage cannot convert their group drug coverage to an individual plan. If they are not eligible under another group plan, they must contact the Régie de l'assurance maladie du Québec (RAMQ) to obtain coverage from the RAMQ's public drug plan.

Minimum Requirements for Drug Coverage in Quebec

This provision applies to Quebec Participants.

Act Respecting Prescription Drug Insurance

The group plan must be administered in accordance with the Act Respecting Prescription Drug Insurance ("the Act") for Quebec Participants, including the Act's provisions about maximum coinsurance, out-of-pocket maximums, eligible drugs, exception drugs and eligible pharmacy services.

Under no circumstances will the *Exclusions and Limitations* provision of this benefit render drug benefit coverage for Quebec Participants less generous than the basic prescription drug insurance plan established by the Act.

Out-of-pocket Maximum per Calendar Year

If, in any calendar year, a Member spends more than the maximum contribution amount established by the RAMQ on Eligible Expenses for themselves or their Dependents, the amounts in excess of the maximum contribution amount will be reimbursed by Blue Cross at a rate of 100% until the end of that calendar year. The contribution amount includes the Deductible, amounts in excess of the reimbursement level or co-payment, if applicable.

Participants Age 65 Years and Over

At age 65, a Quebec Participant is automatically registered as a beneficiary of the RAMQ public drug plan. Therefore, on reaching age 65, a Quebec Participant must decide whether to:

- cancel their automatic registration with the RAMQ drug plan in order to continue their coverage under this benefit; or
- accept coverage under the RAMQ public drug plan.

The decision to accept coverage under the RAMQ public drug plan is irrevocable.

Quebec Participants who decide to accept coverage under the RAMQ public drug plan are no longer eligible for coverage under this benefit.

Exception: If the Summary of Benefits specifies this benefit is supplemental to the RAMQ public drug plan coverage, the following expenses are eligible:

- the Deductible and coinsurance paid by the Quebec Participant under the RAMQ public drug plan; and
- reimbursement for any Eligible Drug that is not included in the RAMQ public drug plan but is covered under this benefit, subject to the Deductible and reimbursement level specified in the Summary of Benefits.

If the Member decides to join the RAMQ public drug plan, the Member's Dependents must also register with the RAMQ public drug plan.

If a Quebec Participant decides to maintain coverage under this benefit, Blue Cross reserves the right to modify the premium rates applicable to this benefit for any Quebec Participant age 65 and over.

Purpose of Coverage

Blue Cross will pay the Eligible Expenses described in this benefit, subject to the conditions outlined below.

Purpose of Coverage

HSA is administered by Blue Cross on behalf of the plan sponsor, who assumes the sole legal and financial liability for this benefit, subject to the conditions outlined below.

Helpful Tip

You should first submit any eligible medical expenses to any other health plan. Any remaining balance can be processed through your HSA.

Additional Definition

The following definition applies to this benefit, in addition to those found under the *Key Terms* provision of this booklet.

(CRA) Dependent: Defined by the Canada Revenue Agency. This could include family members who are financially reliant on you such as parents, grandparents or grandchildren.

What Blue Cross Will Pay

Blue Cross will pay eligible medical expenses based upon Canada Revenue Agency guidelines for a private health services plan. Eligible medical expenses include deductible amounts, co-payment amounts, and amounts exceeding plan maximums, as well as expenses which are not covered by any applicable group policy, individual policy, government health care coverage, or any other private program.

HSA Credits

The plan sponsor pre-determines the amount of credits allocated to the HSA at the beginning of each policy year specified in the Summary of Benefits in accordance with HSA plan terms outlined in the collective bargaining agreements and for non-unionized employees, in the employee handbooks. Credits represent the monetary value allocated to the HSA by the plan sponsor and the amount that may be reimbursed by Blue Cross on the plan sponsor's behalf.

The credits will be allocated to the HSA at the credit allocation frequency specified in the Summary of Benefits.

Under no circumstances will unused HSA credits be paid out as cash.

HSA credit allocation may only change if there is a change in the employment status.

If a Member’s coverage is terminated, the plan sponsor may adjust the credits allocated to the HSA for that policy year. The plan sponsor must promptly notify Blue Cross of the adjusted amount of credits.

If the terminated Member has outstanding claims which were incurred prior to their termination date, these claims may be submitted within the grace period for terminated Members specified in the Summary of Benefits. These claims will be applied against any remaining credits.

Credit Carry Forward

This plan allows unused credits to be transferred into the next policy year.

Credits may be used to reimburse eligible medical expenses incurred in the same policy year in which the credits were allocated. Unused credits will be carried forward into the next policy year. Unused credits cannot be carried forward into further policy years. At the end of a policy year, unused credits that have been carried forward from a previous policy year are forfeited.

Claims will be applied to credits that have been carried forward from a previous policy year before being applied against credits allocated during the current policy year.

Claims must be submitted in the policy year they were incurred or within the grace period specified in the Summary of Benefits.

What Are My Responsibilities Under the Plan?

Keeping Your Employer Informed

It is your responsibility to provide your employer with a completed and signed application form, including accurate information on your family status. You must complete the group benefits application form within 60 days from the date you become eligible for coverage.

To ensure coverage is kept up-to-date for you and your Dependents, it is important to report any changes to your employer within 60 days of the change. Failure to do so could result in the need for proof of health before your requested change in coverage takes place. Changes that must be reported to your employer include:

- Adding/removing a Dependent
- Status updates of a Dependent student
- Change in marital status
- Application for benefits previously waived

Beneficiary Designations

Unless otherwise designated, all benefits are payable to you.

Providing Proof of Claim

You must submit your claims for Eligible Expenses within the applicable time limitations outlined under each benefit. Proof of claim must be provided in writing and in a form considered acceptable by Blue Cross.

Helpful Tip

Your proof of claim must be submitted in either English or French. If the original proof of claim is in a language other than English or French, you are responsible for any costs associated with translating your proof of claim.

Blue Cross must approve your proof of claim and may require you to provide additional information and/or require you to undergo a medical examination by a physician or Health Professional as often as deemed necessary. Blue Cross reserves the right to suspend or deny a claim until you have submitted the additional information requested to process the claim.

Costs associated with providing proof of claim are your responsibility.

Submitting Claims After Your Group Plan Terminates

If this plan has terminated, proof of claim for Insured Benefits must be received by Blue Cross:

- for accidental damage to natural teeth, **within 6 months** following the termination date of this group plan; or
- **within 90 days** following the termination date of this group plan for all other Insured Benefits (if applicable).

Recovering Damages From a Third Party (Subrogation)

If you have the right to file legal action against a third party (individual or corporate body) for a loss relating to any claim submitted under this group benefits plan, Blue Cross is entitled to acquire your rights for recovering damages for any portion of the loss that has been paid by Blue Cross.

You must sign and return the necessary documents to facilitate this process and you must do everything that is required of you to protect your rights to recover damages from the third party.

Reporting Health Insurance Fraud

Health insurance fraud is the intentional act of submitting false, deceiving or misleading information for the purpose of financial gain.

Helpful Tip

Health care fraud in Canada is estimated to cost between $2 billion and $12 billion annually.

Whether fraud schemes are committed on a small or large scale, fraud can lead to significant financial losses to the benefit plan and result in higher premiums and decreased coverage. Blue Cross is committed to protecting the integrity of our benefit programs for our plan sponsors and members by monitoring and resolving any abusive or fraudulent activity.

How You Can Help

As a group plan member, you can help us eliminate fraudulent abuse of your plan:

- keep your identification card, plan number, member identification number and related information confidential and secure;
- carefully review your receipts for products and services claimed to ensure:
  - you understand the charges billed; and
  - the charges reflect the services received.

If you are unclear about any of the charges on your receipt, ask your provider to explain the charges to you:

- carefully review your Explanation of Benefits claim statements (EOB) for any discrepancies in services received compared to services claimed;
- never sign a blank claim form;
- from time to time, we send member verification questionnaires to confirm treatments and other related information. If you receive one of these questionnaires, please complete it and return it promptly. These questionnaires make an essential contribution to our fraud deterrence efforts.
