

Dalhousie University is working towards a Scent-Free and Smoke-Free Environment!

**For more information visit:
www.dal.ca/scentfree and
www.dal.ca/smokefree**

Dear New Student

You are about to embark on a remarkable learning experience and become part of a new community. One of the ways you can contribute to the Dalhousie community is to help your fellow students, faculty and staff.

Dalhousie University is a scent-free and smoke-free environment. Scented products can trigger asthma attacks, allergies and other medical conditions in some people. Others may also react poorly to being exposed to smoke at entrance ways to buildings, on walkways, in outside gathering areas and in offices that have windows or doors, where smoke wafts in from outside.

We encourage you to avoid wearing perfume, aftershave cologne and scented hairspray, soaps and shampoos.

Dalhousie prohibits smoking on all university property. We ask you to respect our policy of no smoking.

Please remember, we all share the same air.

Thank you for your co-operation and have a great year!

Sincerely,
**The Office of
Environmental Health
and Safety**
