

Information Technology Policy

5.4.1 Dalhousie Email as Official Student Email

Policy

Area: 5.4 Email	Date Issued: 2003 Jun 24
Title: 5.4.1 Dalhousie Email as Official Student Email	Last Revision Date: 2012 Dec 19
Issued by: Asst. Vice President – CIO, Dwight Fischer	Approved by: Vice President, Student Services

Policy Statement

This policy is found in the University Regulations portion of the University Calendar. The Calendar version is the only official version; this extract is for convenience only.

"Email is an authorized means of communication for academic and administrative purposes within Dalhousie. The University will assign all students an official email address. This address will remain in effect while the student remains a student and for one academic term following a student's last registration. This is the only email address that will be used for communication with students regarding all academic and administrative matters. Any redirection of email will be at the student's own risk. Each student is expected to check her or his official email address frequently in order to stay current with Dalhousie communications."
