

## Fall 2020 Engineering Year 2 Registration Groups

For students who will have completed all Year 1 courses by the end of Summer 2020

Year 2 Fall Term Courses are:	
ENGM2032	Applied Probability and Statistics
ENGM2101	Applied Vector Calculus
ECED2000	Electric Circuits
IENG2005	Engineering Economics
ENGI2102	Thermofluid Engineering I
Writing Course	Multiple Options

The Eight Registration Groups below are provided to help students to register for time-conflict free schedules.

### To Register:

Go to [my.dal.ca](http://my.dal.ca) and then to Dal Online  
 Select the "Student" Tab  
 Select the "Registration" menu item  
 Select the "Select Term" menu item  
 Select the "Fall 2020/2021" term and select submit  
 Select the "Add/Drop Classes" Menu Item  
 Enter the five digit CRNS for your selected Registration Groups in the spaces provided and register for classes  
 Review your registration and ensure you added all classes properly  
 As students register, some groups will become full. If that happens you can drop the registered courses and register for another Group.  
 Errors should be reported to [engineering@dal.ca](mailto:engineering@dal.ca) ATTN Shelly Simpson

### Note about Writing Classes

In Registration Groups where multiple options are available for the Writing Course you should only register for ONE of the options  
 Writing classes are identified by being highlighted in   or
