

McCain Foundation Postdoctoral Fellowships in Sustainable Agriculture

The McCain Foundation's commitment to supporting sustainable agriculture at Dalhousie University will allow the Faculty of Agriculture to attract postdoctoral researchers from around the world to Atlantic Canada by offering competitive postdoctoral fellowships. These fellowships will provide stipend and research funding for talented researchers to advance their careers, and agricultural research and innovations in sustainable agriculture at the Faculty of Agriculture, Dalhousie University.

Carefully review the McCain Foundation Postdoctoral Fellowships in Sustainable Agriculture Competition Guidelines (2023-2024) before completing this application. Incomplete applications will not be processed.

Application deadline: **March 15 2024**

DOCUMENTATION TO ACCOMPANY YOUR APPLICATION

You are to submit the following to the Chair of the proposed Department of tenure:

- Completed McCain Fellowship Application form
- CV
- Description of thesis completed or in progress
- Description of proposal research
- Applicant's statement
- Copy of 2 publications

Please submit all documents in a single, combined PDF.

You are to arrange for the following to be submitted to the Chair of the proposed Department of tenure:

- Official confirmation letters of completion or enrollment in Doctoral program
- Two confidential letters of reference
- Letter of support from proposed supervisor with whom you wish to work

Review the application guidelines for details on these application requirements.
