As part of your thesis research, it may be useful to refer to thesis reports on similar subjects by previous students. As with other Dalhousie master’s theses and doctoral dissertations, these 825 MArch thesis documents are indexed at Library and Archives Canada (www.bac-lac.gc.ca/eng/services/theses/Pages/theses-canada.aspx), ProQuest, Novanet, and/or DalSpace.

To view a thesis report completed between 1998 and 2010, there are three options:

a) Go to the Sexton Library’s thesis collection, which is indexed on Novanet. (These documents can be borrowed.)

b) Go to the School of Architecture’s collection in the faculty area. (These documents can be viewed but not borrowed.)

c) View or download a low-resolution PDF from ProQuest:
   • in Novanet (aleph1.novanet.ns.ca), search for it by author or title; under Location choose Electronic Resources
   • for Electronic Location, choose Check for Full Text
   • (from off-campus, log in to access ProQuest)
   • choose Preview to download the first 24 pages; choose Full Text to download the whole report

To view a thesis report completed since 2011, there are two options:

a) Go to the School of Architecture’s collection in the faculty area. (These documents can be viewed but not borrowed.)

b) View or download a high-resolution PDF from DalSpace:
   • go to DalSpace: Faculty of Graduate Studies Online Theses (dalspace.library.dal.ca/handle/10222/10559)
   • under Browse, choose Authors, enter the author’s name, and navigate to the document
