

**Assistant Professor  
Electrical and Computer Engineering  
Dalhousie University**

The Department of Electrical and Computer Engineering at Dalhousie University invites applications for a probationary tenure-track position at the Assistant Professor level from candidates with outstanding teaching and research abilities in electrical and computer engineering. Please refer to <http://www.ece.dal.ca> for details about the Department.

Candidates must have a doctorate in electrical engineering, computer engineering, or a closely related discipline. Preference will be given to those with an undergraduate degree in electrical engineering. The successful candidate must register as a Professional Engineer in Nova Scotia.

The successful candidate will have demonstrated research expertise in the area of marine and underwater communications, including acoustic systems, with the capability or potential to establish a strong, externally-funded research program.

The successful candidate will be able to teach a wide variety of undergraduate courses in general, electrical and computer engineering and specialized topics at the graduate level as well as supervise graduate students.

Applications, including a curriculum vitae, a statement of research and teaching interests should be sent by May 31, 2015 to:

Chair of the Search Committee (Search 2591)  
c/o Jascinth Butterfield  
Department of Electrical and Computer Engineering  
Dalhousie University  
PO Box 15000, 1360 Barrington Street  
Halifax, NS Canada B3H 4R2  
Email: [jbutterf@dal.ca](mailto:jbutterf@dal.ca)

Three confidential letters of reference should be sent directly by referees to the above address.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. Dalhousie University is an Employment Equity/Affirmative Action employer. The University encourages applications from qualified Aboriginal people, persons with a disability, racially visible persons and women.
