

Dal CPE Spring Refresher 2025

Saturday, March 29, 2025 9:00AM - 5:00PM
Collaborative Health Education Building (CHEB)

Agenda

9:00 - 9:15	Welcome Director Kyle Wilby and Lead Sponsor	
9:15 - 10:00	Breathe Easy: Clearing the Air around Acute Sinusitis Presenter: Emma Reid The program is intended to equip pharmacists with the knowledge and resources required to assess a patient presenting with symptoms of acute sinusitis and prescribe or refer as appropriate.	.75 CEUs
10:00 - 10:15	Break	
10:15 - 11:00	The Vax Facts: Protecting Against Measles, Mumps, Meningitis, and Pertussis One Shot At A Time! Presenter: Tasha Ramsey In light of recent outbreaks caused by vaccine preventable illnesses that are making a comeback, it's more important than ever for pharmacy professionals to be prepared to answer vaccine questions. This presentation will review measles, mumps, meningitis, and pertussis and boost your vaccine knowledge.	.75 CEUs
11:00 - 11:45	Interpreting and Managing Complex and Incidental Laboratory Findings Presenter: Jaime McDonald This session will focus on the role of pharmacists in laboratory monitoring. Interpretation and application of commonly encountered laboratory values will be discussed as it applies to primary care. Handling of abnormal and critical results and patient disposition will be reviewed.	.75 CEUs
11:45 - 12:45	Lunch	
12:45 - 2:45	SESSION 1 Workshops	
2:45 - 3:00	Break	
3:00 - 5:00	SESSION 2 Workshops	

Room 170	Workshop 1: The STREP guide: STReamlining Evaluation of sore throat by Pharmacists Presenter: Emily Black The program is designed to improve pharmacists' skills in assessing and prescribing for patients who present with pharyngitis. Pharmacists will learn to compare and contrast clinical presentation of pharyngitis caused by bacteria vs viruses, learn how to complete an assessment for lymphadenopathy and how to do a throat swab, recognize when to test patients with sore throat, recognize patients who should be referred, and prescribe for patients who test positive for group A strep pharyngitis.	2 CEUs
Room 150	Workshop 2: PrEPared for Anything: Clinical Assessment Essentials for HIV PrEP, Chlamydia and Gonorrhea Presenters: Connor Booker, Mackenzie d'Entremont-Harris, Tasha Ramsey, Kyle Wilby The program is designed to enhance pharmacists' understanding and management of HIV, chlamydia, and gonorrhea. It focuses on the transmission, risk factors, prevention strategies, clinical presentation, and diagnostic testing for these infections.	2 CEUs
Room 140	Workshop 3: Empowering Pharmacy Practitioners: Contemporary Strategies to Support Students on the Journey to Entering Professional Practice *Only offered during Session 1 Presenters: Harriet Davies, Jennifer MacDougall This workshop will be of interest to practitioners who work with students or who are an active Dalhousie College of Pharmacy preceptor. Participants will work together to consider techniques and strategies for providing meaningful feedback and explore methods to create a positive and safe environment for patients, students, and practitioners.	2 CEUs
