

Congratulations - Graduates

On May 31st, faculty, staff, graduates and their guests attended a breakfast to celebrate the accomplishments of our MHA graduates. Greetings and personal reflections were shared by Professor Michael Hadskis. Following the welcome, Dr. Christopher Simms provided highlights of the Interprofessional Health Education (IPHE) program and presented certificates to the graduating class.

Nila, Amy and Harshita are presented with their IPHE certificates

Robert Zed, Executive-in-Residence, extended greetings and noted professional development can be beneficial in preparing MHA graduates for their careers. Robert, along with other healthcare professionals, offered workshops and events during the program to enhance student experiences and provide tools to equip them for a career in Health Administration. Robert concluded by presenting eligible students with their PD certificates.

On behalf of the School of Health Administration, congratulations Class of 2017!

Andrew and Ayha receive their PD certificate
