### **Recording CE Units as a Preceptor in New Brunswick**

**Please note:** as per the policy of the New Brunswick College of Pharmacists (NBCP) CE units are not able to be awarded automatically per week of teaching as a preceptor, but rather through self-documentation of **NEW learning** encountered during the natural course of teaching as a preceptor.

Here is the link to the NBCP memo:

Preceptors should use the official FORM M provided by the New Brunswick College of Pharmacists to record CEUs related to **NEW learning** while in the role of a preceptor.
