

CRIMINAL RECORD CHECK, CHILD ABUSE REGISTRY & IMMUNIZATION RECORDS WAIVER

Class of _____

I agree to allow the School of Communication Sciences and Disorders to release my immunization records to organizations/sites where I am to complete observations and/or practicum placements (CMSD 5071X/Y, CMSD 7061, and CMSD 7062), if requested as a condition of processing me as an observer or learner at that organization/site. I understand that my immunization record will be archived at SCSD.

I agree to allow the School of Communication Sciences and Disorders to disclose the results of my criminal record check, vulnerable sector search, and/or child abuse registry to organizations/sites where I am to complete observations and/or practicum placements (CMSD 5071X/Y, CMSD 7061, and CMSD 7062), if requested as a condition of processing me as an observer or learner at that organization/site. I understand that these documents will be archived at SCSD. I understand that the results of the criminal record check, vulnerable sector search, and/or child abuse registry search will be reviewed by the School's Administrative Secretary in conjunction with the Academic Coordinator of Clinical Education and/or the Director or Acting Director.

If I have an unclear criminal record check, have a criminal record, or have failed a vulnerable sector search or child abuse registry search, I understand that the observation or clinical practicum site may not accept me as a learner. I understand that if as a student I am unable to complete a clinical practicum placement due to failure to meet the record check or screening requirements of the site, or if I am refused access to the facility based on the information provided, I may fail the course, and as a result, in some instances, may not be eligible for progression or graduation.

I understand that the information described above will only be used for the purpose described in this document and will be kept strictly confidential.

I understand that incomplete immunization records as well as any issues identified on a criminal record check, vulnerable sector search, or child abuse registry search could delay or cancel my clinical placements and could therefore delay my graduation.
