

## IPHE 5900 Interprofessional Health Education Tracking Form

**Student Name:** \_\_\_\_\_

**Student Signature:** \_\_\_\_\_

**Profession:** \_\_\_\_\_

**Graduating Year:** \_\_\_\_\_

**Requirements for graduation and IPHE certificate:**

- 6 units of experience (over 3 years)
- At least 1 unit must be obtained during a practicum experience
- Involvement with a minimum of 4 different professions over the course of 3 years
- No more than four activities with a 0.5 unit tracking value

**Tracking Values:**

Tracking values are determined based upon the content of the IPHE experience, including level of interactivity, number of professions represented, frequency of interactions, whether real clients or cases were discussed, and if in-depth dialogue between students took place. Activities that are interactive, have multiple student participants, include a facilitated debrief period, and include case presentations or in-depth dialogue will be given higher tracking values. Contact the IPHE Coordinator to determine the tracking value for an IPHE experience obtained in the practice setting or through an IPHE mini-course.

Year	Event	Tracking Value (Units)	Date(s)	Location	Profession(s)	CE(s) Name (If Applicable)
