

STUDENT FEEDBACK TO CLINICAL EDUCATOR SPEECH-LANGUAGE PATHOLOGY

Student's Name:	
Clinical Educator(s):	
Practicum Site(s):	Dates:

The student can identify any skills/behaviours which he/she feels warrants special attention. If modifications are being recommended, comments should be detailed and specific enough to be useful to the clinical educator in making the desired changes. The student will discuss his/her comments with the Clinical Educator during the mid-term and/or final evaluation meetings.

RATING SCALE:

Score	Description
N/A	Not applicable
D	Clinical educator unresponsive to student's needs
С	More demonstration/examples/opportunities would be beneficial
В	Clinical educator meets student's expectations
A	Clinical educator exceeds student's expectations

Did you feel adequately prepared for the practicum placement (i.e., preparation through academic coursework and/or preparation through review of materials recommended by your clinical educator prior to beginning the placement)? If no, what would have helped you to prepare for the practicum placement? Please give specific examples.

What were the most positive aspe	cts of the practicum experie	nce?	
What could be improved for future	e student experiences?
