REUNION PLANNING GUIDE

Reunions are an excellent opportunity to connect with former classmates and experience the groundbreaking advances taking place at Dalhousie Medical School. Reunions often take place in October and include attendance at the DMAA Awards Gala Dinner; however, many classes choose to hold reunions throughout the year outside of Halifax. Although some classes meet more frequently than others, milestone reunions are celebrated every five years. The DMAA can assist you in the following ways:

CLASS LISTS

We can provide your reunion organizers with updated class contact information. Your class list should be requested approximately 9-12 months prior to your reunion.

COMMUNICATION SERVICES

The DMAA can prepare reunion notices for distribution to class members through email and regular mail, as well as publish your reunion information in DalDocs.

PLANNING SUPPORT

If your reunion takes place in Halifax, we can meet with your class representative to discuss reunion details. The DMAA can also assist with establishing Class Gifts and arrange for a personalized reunion visit from the Dean of Medicine.

Additionally, each class will receive a personalized reunion package developed in collaboration with reunion organizers.

REUNION PACKAGE

- Welcome Letter from DMAA
- Class Photo
- Anniversary Pin
- DMAA Alumni Awards Nomination Form
- Class In Memoriam List
- Welcome Address from Dean of Medicine (In-Person or Video) or DMAA representative
- Class Gift Update

Consider enhancing your reunion by contacting Dalhousie Continuing Professional Development & Medical Education to include educational sessions.
