DALHOUSIE MEDICAL ALUMNI ASSOCIATION

CALL FOR NOMINATIONS 2019

Alumnus/a of the Year
Honorary President
Family Physician of the Year
Young Alumnus/a of the Year

These awards recognize outstanding accomplishments and contributions of Dalhousie medical alumni in four categories. This is an opportunity to celebrate the excellence of our graduates, and we encourage you to nominate classmates, friends, and colleagues. Descriptions and criteria for each award are outlined below. Nominations should be sent to the DMAA office no later than **April 1, 2019**.

Alumnus/a of the Year:

Awards have been made annually since 1958 to recognize the unique and major contributions made by a retired or still active physician to clinical practice, teaching, and/or research at a national level. International recognition, publications, and participation in national professional and academic societies constitute an expected profile for nominees of this award.

Honorary President:

This award was introduced in 1958 at the inaugural DMAA meeting. Priority is given to nominees who are senior local alumni, or past or present members of the Faculty of Medicine, who are highly respected, and whose careers and service in the practice of medicine have been outstanding. This does not exclude consideration, if warranted, of non-local, non-faculty nominees.

Family Physician of the Year:

This award, introduced in 2007, recognizes the contributions to medical practise and communities by family physicians. The impact of the lifetime work of physicians who practice in small and rural communities is often not acknowledged. The DMAA wishes to honour a family physician who exemplifies good medical care and is a role model in the practice of family medicine, a teacher of undergraduate medical students and residents, and an advocate for the health of his/her community. Alumni who practice in the Maritime Provinces are the focus of this award; however, non-local nominees will be considered.

Young Alumnus/a of the Year:

Instituted in 2002, this award recognizes a Dalhousie Medical School graduate in the first two decades of his/her career that has made a significant contribution to Dalhousie Medical School, other medical schools, or their community. This contribution can be in clinical practice, teaching, research, or public service.
