# Example transcript #1

Degree: 120 credit BSc, entering fourth year at the time of application

GPA calculated by 60 most recent credit hours (highlighted green below) of graded (alpha/numerical) courses from a completed or in-progress to be completed 90-120 credit baccalaureate degree. Highlighted green.

Note: Once all grades from a semester are used, the highest grades from the next most recent semester can be selected to make up the required 60 credits.

W = Winter, F = Fall, S = Summer (Course numbers are example numbers only)

| W 6002 (9 credits) | B+ |
| F 6003 (3 credits) | P |
| F 6004 (3 credits) | P |
| W 5000 (3 credits) | P |
| W 5001 (3 credits) | P |
| W 5002 (6 credits) | P |
| F 5003 (3 credits) | A+ |

# Example transcript #3 (cont.) option 2

Option 2: Using 15 credit hours of graded (alpha/numerical) courses from a completed or in-progress to be completed graduate degree (Masters or PhD) PLUS the 45 most recent credit hours of graded (alpha/numerical) courses from a completed 90-120 credit baccalaureate degree (highlighted green below)

NOTE: Graduate degree only has 12 credit hours of graded courses, therefor the remaining **48** most recent credit hours are included from the 120 credit baccalaureate degree to make up the required 60 credit hours.

W = Winter, F = Fall, S = Summer (Course number are example numbers only)
