

COVID, Simulation and the Second Wave: What you need to know to prepare

Presented by The Sim Ed Collaborative as part of the FOM FacDev Thursday Seminar Series

Thursday October 29th, 2020 | 18:30-20:30 AT

Speakers:

Lynn Johnston, MD, Division of Infectious Diseases, Dalhousie University Department of Medicine and NSHA

Gaynor Watson-Creed, MD, Deputy Chief Medical Officer of Health for Nova Scotia and Medical Officer of Health NSHA

Tim Willett, MD, MMed, President and CEO Simulation Canada

Objectives: By the end of this session participants will be able to:

1. Understand current epidemiology of COVID and public health planning,
2. Understand accuracy of testing methods for COVID,
3. Understand the evidence behind best practices for infection prevention and control,
4. Understand best practices, evidence and available resources for simulation training during COVID

Join the webinar on Adobe Connect [here](#) We encourage participants to join 15 minutes early to ensure no technical difficulties. If asked for credentials, click cancel and you will be taken to the log in site. Type in your name where prompted and click ENTER ROOM. You may need to download Adobe Connect software to your computer, which will not be harmful.

For more information, visit the CPD Faculty Development [website](#) or contact FacDev@Dal.Ca

This one-credit-per-hour Group Learning program meets the certification criteria of the College of Family Physicians of Canada and has been certified by the Continuing Professional Development Office of Dalhousie University for up to 1.0 (per hour of session) Mainpro+ credits. As an accredited provider, Dalhousie University, CPD, designates this continuing professional development activity for up to 1.0 credit hours (per hour of session) as an accredited group learning Section 1 activity as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.
