

Advancing Simulation Based Assessment

Presented by Dr. Walter Tavares

Thursday April 4th, 2024 | 1900 – 20:15 AST

Speaker:

Walter Tavares, PhD, Assistant Professor, Health Professions and Practice, Department of Health and Society, Associate Professor and Scientist, Wilson Center for Health Professions Education Research, Institute of Health Policy Management and Evaluation (IHME), Director, Paramedicine Collaborative at Department of Family and Community Medicine, University of Toronto

Moderators:

Stephen G Miller, MD, CCFP (EM), FCFP, MEd, DRCPC (Clin Ed), Associate Dean Continuing Professional Development and Medical Education, Director of Simulation, Faculty of Medicine

Diane MacKenzie, PhD, OT Reg (NS), Associate Professor, Occupational therapy, Interprofessional Education Coordinator, Faculty of Health

Objectives: By the end of this session, participants will be able to:

1. Discuss common approaches to promoting the utility, defensibility and trustworthiness of assessments conducted in simulation.
2. Explore new ways of structuring simulation-based assessments of clinical competence that may contribute further to utility, defensibility and trustworthiness for individuals and teams.
3. Discuss the potential future of simulation-based assessment based on related and useful advances in technology.

Join the discussion through the following:

Virtually through MS Teams [Click here to join the meeting](#), Meeting ID: 275 123 367 392
