## ADVANCING SIMULATION BASED ASSESSMENT

Professional Development Online Seminar Series (Simulation)

Walter Tavares, PhD, Assistant Professor, Health Professions and Practice, Department of Health and Society, Associate Professor and Scientist, Wilson Center for Health Professions Education Research, Institute of health Policy Management and Evaluation (IHMPE), Director, Paramedicine Collaborative at Department of Family and Community Medicine, University of Toronto

Moderated by: Drs Diane MacKenzie and Stephen Miller

Learning objectives:

- Discuss common approaches to promoting the utility, defensibility and trustworthiness of assessments conducted in simulation.
- Explore new ways of structuring simulation based assessments of clinical competence that may contribute further to utility, defensibility and trustworthiness for individuals and teams.
- Discuss the potential future of simulation based assessment based on related and useful advances in technology.

April 4<sup>th</sup>, 2024

1900-2015 hrs
