

Sent on behalf of the UGME librarians

Greetings,

With the academic year underway, we wanted to remind everyone about a few library services that are available to help you during the fall semester:

- Our e-reserves service is a convenient way to get your lecture and case material prepared for Brightspace, and there is still time to submit requests for this service. The Course Reserves staff will make sure to look into any copyright issues on material in Brightspace, prepare any digital/scanned copies, and secure material from Document Delivery if necessary. To submit your reading list, go to our [online form](#).

- As always, the UGME liaison librarians are happy to provide instructional consults tailored to you and your students' individual needs. To arrange a consult with us, students can reach out to us at ugmelib@dal.ca. We are also happy to meet with faculty who have questions about accessing our library resources, so please feel free to get in touch!

- If you have any updates for the Medicine LibGuide, please let us know and we would be happy to make those changes: <https://dal.ca.libguides.com/med>

All the best,

UGME Librarians

Jackie Phinney [NB] & Robin Parker [NS]
