Appendix A:

Application for PGME Committee Approval for Research and Evaluation Involving Postgraduate Learners

Project title:

Team members:

Summary (No more than 250 words summarizing the background, specific research question and rationale for project):

Proposed methods (Please answer the following questions)

- What type of research instruments will be used (e.g. survey) and how will they be deployed?
- Who will participate (please provide any specific inclusion criteria)?
- How will potential resident participants be identified and contacted?
- What will be asked of resident participants (please specify the time required for participation)?
- Are there any incentives for participation?
- Are there any risks involved in participating (e.g., personal safety, privacy concerns)
- Are you requesting the involvement of the PGME office, faculty or program directors in this project (e.g., for recruitment purposes)? Please explain.

Applications must be submitted to the Postgraduate Medical Education (PGME) Office. ***Submit complete application by email to: Cindy.Shearer@dal.ca***
