Municipality of  
**Inverness  
County** 

**About us:** Inverness County and its 1,500 square kilometres along the western coast of Cape Breton Island is known as Canada's Musical Coast. We are a multi-cultural, multi-language destination, offering a safe and welcoming environment to newcomer families from all over the world. Our string of beautiful communities and majestic coastline are bound together by age-old Mi'kmaq, Gaelic, and French musical traditions. The municipal offices are located in Port Hood, the beach capital of Cape Breton Island.
