

Call for Expressions of Interest (Internal, Halifax based) Genetics Component Head – MED 1

Undergraduate Medical Education (UGME) is currently seeking expressions of interest for the position of a Component Head in Genetics for the Human Development Unit.

This position provides an exciting opportunity for faculty members with an interest in undergraduate medical education, including curriculum design and implementation. Reporting to the Assistant Deans, PreClerkship, the Component Head oversees, coordinates, and supports the delivery of this Genetics component. This role includes working with the Human Development curriculum leadership team, and other members within UGME, as well as several faculty and staff members across the Faculty of Medicine to ensure the academic and administrative requirements are met for this academic program.

The anticipated start date is October 2026. This is a 3-year, limited-term position requiring a time commitment of approximately 4 hours per week for over 5 weeks.

Please note the remuneration structure varies based on your workplace:

- DMNS faculty are remunerated according to rates determined by their respective department (based on AFP or other arrangements). If you are part of the DMNS faculty, it is recommended that you discuss with your department head to ascertain both the time commitment and the remuneration specifics.

Please forward your brief expression of interest, and CV to samantha.nightingale@dal.ca. Questions may also be addressed to Dr. Osama Loubani (oloubani@dal.ca). A full job description can be found on the [website](#). The closing date for applications is October 1, 2026.

Dalhousie University is committed to ensuring all candidates have full, fair, and equitable participation in the hiring process. Our complete Accommodation Policy can be viewed [here](#).

Dalhousie University commits to achieving inclusive excellence through continually championing equity, diversity, inclusion, and accessibility. The university encourages applications from Indigenous persons (especially Mi'kmaq), persons of Black/African descent (especially African Nova Scotians), and members of other racialized groups, persons with disabilities, women, and persons identifying as members of 2SLGBTQIA+ communities, and all candidates who would contribute to the diversity of our community.
