AIRWAY FELLOWSHIP

QEII Health Sciences Centre & IWK Health Centre, Halifax, Nova Scotia

Department of Anesthesia, Pain Management & Perioperative Medicine

AIRWAY FELLOWSHIP

QEII Health Sciences Centre & IWK Health Centre, Halifax, Nova Scotia

THE OPPORTUNITY

The **QEII Health Sciences Centre** is the largest tertiary care hospital in Atlantic Canada. The QEII provides high-quality, compassionate health care to tens of thousands of Atlantic Canadians each year, is a centre of excellence in health research and, with more than 1,500 learners, is the largest teaching hospital in Atlantic Canada.

The **IWK Health Centre** provides excellent care to women, children, youth and families in Canada's Maritime provinces and beyond. The IWK is renowned for its world-class research into diseases and disorders affecting women and children and is the primary clinical resource for pediatric and obstetric teaching for health professions in the Maritimes. Both the IWK and QEII are affiliated with the **Dalhousie University Faculty of Medicine**.

We are seeking an exceptional individual to join the **Department of Anesthesia, Pain Management & Perioperative Medicine** as an **airway fellow**. Our fellowship offers the opportunity to learn all airway techniques, including surgical airway in pediatric, obstetric and adult populations, from diverse, experienced faculty, all of whom teach national and international airway courses and workshops.

Our airway fellowship offers you many opportunities to develop skills in clinical care, judgment, teaching and research.

The successful candidate will direct and supervise clinical care of patients with difficult airways at the QEII Health Sciences Centre and at the IWK Health Centre, as well as in our state-of-the-art simulation centre. Additionally, the fellow will be encouraged and supported to teach airway courses and workshops.

The airway fellow will have opportunities to participate in local, national and international teaching forums and to participate in and conduct research studies in clinical and simulated settings. The fellow will also be supported in submitting manuscripts and abstracts for publication and scientific meetings.

THE BENEFITS

- Competitive salary
- Support and mentorship to help you meet your clinical, education and research goals
- Supported opportunities to attend professional conferences
- Established research infrastructure

Be part of a thriving anesthesia team that cultivates excellence and supports you in your efforts to achieve the same.
