

DEPARTMENT OF ANESTHESIA, PAIN MANAGEMENT AND PERIOPERATIVE MEDICINE

- A complement of 80-90 anesthesiologists performing more than 78,000 procedures annually
- Full spectrum of critical care and general clinical services, serving a population of 430,000 in the Halifax area as well as patients from the other Atlantic province needing highly specialized care
- Collegial, supportive team fosters ideal environment for clinical, research and academic pursuits
- Vibrant, growing research environment

HALIFAX, NOVA SCOTIA

The QEII Health Sciences Centre and Dalhousie University are situated in Halifax, Nova Scotia, where the benefits of big-city convenience meet the charms of small-town living. Our vibrant urban core is a stone's throw from rugged ocean vistas, creating a quality of life that is second to none. Halifax is the perfect city for recreation, adventure and sports lovers as well with its parks, trails, lakes and waterways, and sports facilities that attract major hockey, basketball, curling and other events.

Halifax boasts a rich arts and culture community, the most universities per capita in Canada, and some of the best restaurants in the country. In one day you can stroll along the ocean's edge, visit an art gallery and a museum, take in a world-class theatre production, delight your taste buds at an award-winning restaurant and visit your favourite of 200 night spots downtown.

Join us in Halifax for a
lifestyle and professional
experience to remember!

CARDIAC ANESTHESIA FELLOWSHIP

QEII Health Sciences Centre, Halifax, Nova Scotia

THE OPPORTUNITY

The **QEII Health Sciences Centre** is the referral cardiovascular centre and the largest teaching hospital in the Maritime Provinces in Canada. Affiliated with the **Dalhousie University Faculty of Medicine**, the QEII is a centre of excellence in health research and is the largest teaching hospital in Atlantic Canada with more than 1,500 learners.

Our Cardiac Anesthesia Program offers an updated competency based and evidence based approach. Our objective is to train the fellow in the perioperative care of the adult patient with cardiovascular diseases undergoing cardiac surgery, diagnostic and interventional cardiac procedures, including perioperative transesophageal echocardiography.

We are seeking a motivated and dedicated individual to join the Department of Anesthesia, Pain Management & Perioperative Medicine as a **cardiac anesthesia fellow**. Our fellowship program offers training in perioperative care of the cardiac patient undergoing cardiac surgery, diagnostic and interventional procedures and emphasizes on perioperative transesophageal echocardiography, blood management and patient safety.

Our cardiac fellowship offers you many opportunities to develop skills in clinical care, judgment, teaching and research.

The fellowship will complete rotations in Cardiac Intensive Care Unit Rotation and Advanced Perioperative Transesophageal Echocardiography. Within the program fellows will gain training in CPD procedures – CABG, single valve, combined CABG and valve, heart transplants, TEEs, major vascular procedures, Pace-maker and ICDs, trans-catheter diagnostic/therapeutic procedures with anesthesia care, and electrophysiology procedures.

Our Centre has four cardiac operating rooms, two hybrid interventional suites, four cath lab rooms, two EP lab rooms, and provides perioperative echocardiography in all non-cardiac anesthesia and the CVICU. All our echo machines have 3D capabilities.

The fellowship includes completion of a clinical research project for presentation at a major meeting (CSA, ASA, or SCA) or publication in a peer-reviewed journal. Faculty from the Department of Anesthesia and other collaborating departments will serve as mentors, offering expertise in diverse research, academic and clinical areas.

THE BENEFITS

- Competitive salary
- Support and mentorship to help you meet your clinical, education and research goals
- Supported opportunities to attend professional conferences
- Established research infrastructure

Be part of a thriving anesthesia team that cultivates excellence and supports you in your efforts to achieve the same.

CORE CLINICAL FACULTY

- **Victor Neira**, MD, MAEd
Fellowship Coordinator
- **Claudio DiQuinzio**, MD, FRCPC
- **Braden Dulong**, MD, FRCPC
- **Ayman Hendy**, MD, FRCPC
- **Kristine Johnson**, MD
- **Paula Kolysher**, MD, FRCPC
- **Blaine Kent**, MD, FRCPC
- **Myron Kwapisz**, MD
- **Josef Mir**, MD
- **Dagmar Moulton**, MD, FRCPC
- **Mathias Scheffler**, MD
- **Arnim Vlatten**, MD
