- Collegial, supportive team fosters ideal environment for clinical, research and academic pursuits
- Vibrant, growing research environment

HALIFAX, NOVA SCOTIA

The QEII Health Sciences Centre and Dalhousie University are situated in Halifax, Nova Scotia, where the benefits of big-city convenience meet the charms of small-town living. Our vibrant urban core is a stone's throw from rugged ocean vistas, creating a quality of life that is second to none. Halifax is the perfect city for recreation, adventure and sports lovers as well with its parks, trails, lakes and waterways, and sports facilities that attract major hockey, basketball, curling and other events.

Halifax boasts a rich arts and culture community, the most universities per capita in Canada, and some of the best restaurants in the country. In one day you can stroll along the ocean's edge, visit an art gallery and a museum, take in a world-class theatre production, delight your taste buds at an award-winning restaurant and visit your favourite of 200 night spots downtown.

Join us in Halifax for a lifestyle and professional experience to remember!

PEDIATRIC ANESTHESIA FELLOWSHIP

IWK Health Centre and Dalhousie University, Halifax, Nova Scotia

PEDIATRIC ANESTHESIA FELLOWSHIP

IWK Health Centre, Halifax, Nova Scotia

THE OPPORTUNITY

The **IWK Health Centre** provides excellent care to children, youth, women and newborns in Canada's Maritime provinces and beyond. Affiliated with the **Dalhousie University Faculty of Medicine**, the IWK is renowned for its world-class research into diseases and disorders affecting children and women and is the primary clinical resource for pediatric and obstetric teaching for health professions in the Maritimes.

We are seeking an exceptional candidate to join the **IWK Health Centre** as a **pediatric anesthesia fellow**. Our fellowship offers advanced clinical training, teaching and research in a setting that employs a full range of state-of-the-art pediatric and anesthetic services.

Fellowships are one to two years and emphasize a solid foundation in community pediatric anesthesia while exposing the fellow to extensive surgical services. The fellowship also offers experience in off-site anesthesia, particularly for interventional cardiology and diagnostic imaging.

Expand your horizons at the IWK Health Centre where we provide world-class anesthesia care for children and youth in Maritime Canada.

Major surgical services include craniofacial, neuro, spine, general, cardiac, urology, ophthalmology, and ENT with airway reconstruction.

Fellows have the opportunity to train in the the IWK's 40 bed neonatal intensive care unit (level two and level three care) and an eight-bed pediatric intensive care unit, which is undergoing expansion. Fellows also participate in the IWK's pediatric acute pain service and multi-disciplinary chronic pain program, both of which include internationally renowned faculty members.

The program allocates non-clinical time and provides mentors for clinical, education and research goals and projects.

THE BENEFITS

- Strong clinical fellowship
- Support and mentorship to help you meet your clinical, education and research goals
- Established research infrastructure

Be part of a thriving anesthesia team that cultivates excellence and supports your educational goals.

CORE CLINICAL FACULTY

- **Dagmar Moulton, MD, FRCPC**
Fellowship Coordinator
- **Scott Drysdale, MD, FRCPC**
Chief, Pediatrics
- **Sally Bird, MD, FRCPC**
Associate Chief
- **Tristan Dumbarton, MD, FRCPC**
- **Jill Chorney, PhD**
- **Allen Finley, MD, FRCPC**
- **Allison Gray, MD, FRCPC**
- **Tom Hackman, MD, FRCPC**
- **Mat Kiberd, MD, FRCPC**
- **Jane Seviour, MD, FRCPC**
- **Sarah Stevens, MD, FRCPC**
- **Arnim Vlatten, MD, FRCPC**
- **Julie Williams, MD, FRCPC**
- **Stuart Wright, MD, FRCPC**
