- Collegial, supportive team fosters ideal environment for clinical, research and academic pursuits
- Vibrant, growing research environment

### HALIFAX, NOVA SCOTIA

The QEII Health Sciences Centre and Dalhousie University are situated in Halifax, Nova Scotia, where the benefits of big-city convenience meet the charms of small-town living. Our vibrant urban core is a stone's throw from rugged ocean vistas, creating a quality of life that is second to none. Halifax is the perfect city for recreation, adventure and sports lovers as well with its parks, trails, lakes and waterways, and sports facilities that attract major hockey, basketball, curling and other events.

Halifax boasts a rich arts and culture community, the most universities per capita in Canada, and some of the best restaurants in the country. In one day you can stroll along the ocean's edge, visit an art gallery and a museum, take in a world-class theatre production, delight your taste buds at an award-winning restaurant and visit your favourite of 200 night spots downtown.

Join us in Halifax for a lifestyle and professional experience to remember!

## WOMEN'S & OBSTETRIC ANESTHESIA FELLOWSHIP

IWK Health Centre, Halifax, Nova Scotia

## WOMEN'S & OBSTETRIC ANESTHESIA FELLOWSHIP

IWK Health Centre, Halifax, Nova Scotia

### THE OPPORTUNITY

The **IWK Health Centre** provides excellent care to women, children, youth, and families in Canada's Maritime provinces and beyond. Affiliated with the **Dalhousie University Faculty of Medicine**, the IWK is renowned for its world-class research into diseases and disorders affecting children and women and is the primary clinical resource for pediatric and obstetric teaching for health professions in the Maritimes.

We are seeking an exceptional candidate to join the **Department of Anesthesia, Pain Management & Perioperative Medicine** as a **women's & obstetric anesthesia fellow**. Our fellowship offers advanced clinical training, teaching and research in a setting that employs a full range of state-of-the-art obstetric and anesthetic services. As a tertiary care hospital that delivers more than 5,000 babies per year, the IWK provides an interesting and challenging case mix that ensures exposure to all varieties of high-risk obstetric patients, as well as ample clinical exposure to normal pregnancies.

Expand your horizons with leading edge clinical, research and education programs in chronic pain, regional anesthesia, and women's & obstetric anesthesia and blood management.

The fellowship program is structured to ensure optimal patient care while offering plentiful opportunities for the fellow to develop skills in clinical care and judgment, teaching, and research.

The successful candidate will provide anesthesia care for a vast range of obstetric cases, for non-obstetric surgery during pregnancy, for non-operative diagnostic and interventional procedures requiring anesthesia, and for assisted reproductive technologies.

The fellow will design and perform, with appropriate support, at least one research project or quality assurance exercise. The program allocates non-clinical time and provides mentors for clinical, education and research goals and projects.

### THE BENEFITS

- Competitive salary
- Support and mentorship to help you meet your clinical, education and research goals
- Supported opportunities to attend professional conferences
- Established research infrastructure

Be part of a thriving anesthesia team that cultivates excellence and supports you in your efforts to achieve the same.
