

SHARON BATT, PhD.

Independent Researcher & Investigative Journalist

Adjunct Professor, Department of Bioethics

Dalhousie University, Halifax, N.S. Canada

Affiliate Adjunct Professor, Graduate School of Arts and Sciences

Georgetown University, Washington D.C.

Tel: 902-423-4679; e-mail: sharon.batt@dal.ca

Orcid: 0000-0003-0612-0153

Sharon Batt is an independent scholar and an adjunct professor in the Department of Bioethics at Dalhousie University. She is an affiliate adjunct professor at Georgetown University in Washington, D.C. and a research fellow at PharmedOut, a project to advance evidence-based prescribing based at Georgetown University's Medical Center. She collaborates with researchers at Common Sense Oncology, based at Queen's University. Her work in pharmaceutical policy and health politics integrates scholarly research, public education, and social change activism. Her latest book, *Health Advocacy Inc.: How Pharmaceutical Funding Changed the Breast Cancer Movement* (UBC Press, 2017) is an insider analysis of the alliances between patient groups and the pharmaceutical industry and the implications for health policy, social fairness, and democracy.

She is currently a co-investigator on a research project to study disparities in access to precision oncology drugs across Canada, led by oncologists at Queen's University and funded by the Terry Fox Research Institute. Projects with PharmedOut include the 2024 book-length report, *What Needs to Change at the FDA? Protecting and Advancing Public Health*, funded by Arnold Ventures. Recent publications include a co-authored opinion on overall survival as the relevant endpoint for cancer trials, a commentary in *HealthcarePapers* on patient advocacy to shape Canada's policies on drugs for rare diseases, and an investigative journalism article on patient advocacy group leaders and their ties to the pharmaceutical industry.

At Dalhousie, she contributes to regular meetings in the Department of Bioethics, participates in an annual class on advocacy for students in the Faculty of Medicine, and has served on thesis and dissertation committees in the Department of Political Science. Academic exchanges/collaborations include visits to PharmedOut at Georgetown University, the Mario Negri Institute in Milan, Concordia University, and a course on pharmaceutical regulation at Osgoode Hall Law School. Public and community engagement includes participation in national consultations on mammography screening, on regulations to control the price of patented medicines in Canada, and with the community organizations Independent Voices for Safe and Effective Drugs, and the Nova Scotia Health Coalition.

EDUCATION

- Ph.D. Interdisciplinary (specialization in Bioethics), Dalhousie University
- M.A. Psychology, University of British Columbia
- B.A. Psychology (Honours), Carleton University

EMPLOYMENT

ACADEMIC APPOINTMENTS

- Adjunct Professor, Departments of Bioethics (2017-2030) and Department of Political Science & Department of Graduate Studies (2018-2023), Dalhousie University.
- Affiliate Adjunct Professor, Graduate School of Arts and Sciences, Georgetown University, Washington D.C. (May 2023-April 2027).
- Liliane Robinson Visiting Scholar 2017, Simone de Beauvoir Institute, Concordia, University, Montreal
- Seminar Co-Tutor, Professional Competencies II, Faculty of Medicine, Dalhousie University (September 2012 - May 2013; September 2013-May 2014)

- Research Assistant, National Network on Environments and Women's Health, York University, Toronto (April 2009 to March 2010)
- Elizabeth May Chair in Women's Health and the Environment; Associate Professor, Faculty of Health Professions, Dalhousie University (2001- 2003)
- Nancy's Chair in Women's Studies; Assistant Professor, Department of Women's Studies, Mount Saint Vincent University (1999-2001)

PREVIOUS EMPLOYMENT (NON-ACADEMIC)

- Co-founder and president of Breast Cancer Action Montreal (*BCAM*) (1991-1999)
- Policy analyst and researcher, Canadian Breast Cancer Network (1996)
- Consultant to Health Canada's National Forum on Breast Cancer (1993-1994)
- Editor, *Protect Yourself Magazine*, Quebec Consumer Protection Office, Montreal (1985-91)

GRANTS and AWARDS

- Delegate, American Association for Cancer Research (AACR) Annual Meeting Scientist↔Survivor Program, Chicago, April 26-29, 2025 (Attendance deferred to 2026).
- Disparities in access to precision oncology drugs across Canada, grant awarded to Queen's University by the Terry Fox Research Institute. Co-investigator. Oct. 2024-Mar. 2026.
- Research on improving the FDA, PharmedOut, Georgetown University, 2022-2024.
- Pharmaceutical Policy Research Collaboration (PPRC) Post-Doctoral Fellowship 2012-13.
- Doctoral Thesis Award, Faculty of Graduate Studies, Dalhousie University: Outstanding doctoral thesis in the Humanities and Social Sciences (2011-2012)
- Cancer Research Training Program Travel Grant, September 2011, the Beatrice Hunter Cancer Research Institute, Dalhousie University.
- Competition winner, Thirteenth Berlin Roundtable on Transnationality: Health Politics in an Interconnected World, *Irmgard Coninx Foundation*, Social Science Research Center Berlin (WZB) and the Humboldt-University Berlin. Berlin, Germany, December 1-5, 2010.
- Dalhousie Graduate Studies Travel Award to present at the Society for Medical Anthropology meeting, Yale University, New Haven, September 2009.
- Norah Stephen Oncology Scholar, 2008 Summer Research Studentship. Awarded by Cancer Care Nova Scotia to Sharon Batt (PhD Candidate) and Janice E. Graham (Supervisor).
- Doctoral Support (2007), from Janice Graham's CIHR grant, Risk and Regulation of Novel and Therapeutic Products (MOP 74473).
- Student Abstract Award, Canadian Bioethics Society (2004)
- Canadian Institute for Health Research (CIHR) Doctoral Fellowship in Research Ethics and Health Policy (2003-2009)

CURRICULUM DEVELOPMENT AND UNIVERSITY TEACHING

TEACHING AND THESIS SUPERVISION

- Guest Lecturer, course on Global Oncology and Cancer Policy (GLPH 488), Queen's University, Kingston. Ontario. March 26, 2025.
- Guest Lecturer, course on Pharmaceutical Regulation (Law 6859), Osgoode Hall Law School, York University, Toronto. Summer 2022 and Fall 2023.
- Guest Panelist, Physicians and Advocacy. Professional Competencies II, Faculty of Medicine, Dalhousie University, Winter 2020-2025.
- PhD Thesis Committee Member, Department of Political Science, Dalhousie University, for Julia Rodgers, July 2020 to 2023.
- Honours Thesis Examiner, Department of Political Science, Dalhousie University, for Noel Guscott, April 2020.

- Invited lecture, “Feminist Advocacy and Shifting Health Systems” in Women’s Bodies, Women’s Health (course session and public lecture), University of Windsor, Windsor, Ontario, March 9, 2020.
- Invited lecture, “Is the Pharmaceutical Industry Corrupt?” Ethics and Health Care (course session and public lecture), St. Paul’s University, Ottawa, March 7, 2017.
- Invited lecture, “Industry Funding and Patient Groups,” class in Pharmaceutical Policy, University of Toronto, October 4, 2016.
- Professional Competencies II, Co-tutor, Faculty of Medicine, Dalhousie University 2012-13 and 2013-2013
- Women’s Health and the Environment, Graduate Seminar, Faculty of Health Professions, Dalhousie University, 2001-2003
- Women’s Health and the Environment, Introductory Course, Faculty of Health Professions, Dalhousie University 2001-2003
- The Politics of Women's Health, Senior Seminar, Department of Women’s Studies, Mount Saint Vincent University 1999-2001
- A Feminist Approach to Women's Health Policy, Senior Seminar, Department of Women’s Studies, Mount Saint Vincent University 1999-2001
