## RESEARCH

---

### **"First, Do No Harm" – A Qualitative Research Documentary, 2008 – 2011**

Directed and Co-Produced

- A Research Documentary that focuses on the Global Health Ethics of Medical Student Electives in Developing Countries
- Features interviews from Global Health Leaders from Europe, Africa, North and South America as well as on-site filming in Rwanda, Tanzania and Uganda
- Featured at the Consortium of Universities for Global Health 2011 Conference; Global Health Education Consortium 2011; Canadian Society for International Health Conference 2011
- "First, Do No Harm" has been screened all over the globe and was seen as a central feature in creating a vibrant dialogue on the ethics of Health-Service learning
- The documentary has been used as an educational tool for health professions students at a large number of universities including Harvard, Yale and many other prestigious schools.

---
