

DEPARTMENT OF EMERGENCY MEDICINE

**Division of EMS
Research Studies
April 1, 2017 – March 31, 2018**

Funded Research Studies

Frailty assessment of older Canadians using emergency services with tablet technology (FOCUS-TT).

Lee J, Goldstein J

Funding Institution: Canadian Frailty Network. Awarded on: 15-Jun-2015 for: \$50,000.00

Pediatric Palliative Care in Nova Scotia: Use of an out of hospital special patient program administered by Paramedics. RIM Project

Bohrer M, Gregoire M, Carter A

Funding Institution: Summer Medical Student Bursary Program. Awarded on: 01-May-2016 for: \$5,000.00

Optimizing the design of 2D genetic CEC's with operator's research.

Van Berkel P, Blake J, Cook J, Carter A, Jensen J

Funding Institution: NSHRF. Awarded on: 01-Sept-2016 for: \$145,000.00

Does providing palliative care align with the professional identity of Paramedics: A qualitative study of the perspective and experiences of Paramedics and health care providers in NS?

Carter A, Urquhart R, Houde K, Harrison M, Arab M, Jensen J

Funding Institution: NSHA. Awarded on: 01-Sept-2016 for: \$15,000.00

Integrating Paramedics into primary care to optimize patient time in the community at end of life.

Carter A, Wong S, Harrison M, Warner G, Burge F, Lawson B, Goldstein J

Funding Institution: CIHR. Awarded on: 01-Oct-2016 for: \$255,498.00

A notification system to reduce interventions for patients receiving palliative care transported by ambulance to the Emergency Department.

Carter A, MacDougall P, Harrison M, Arab M, Kelly N, MacDonald K

Funding Institution: NSHA TRIC Grant. Awarded on: 27-Feb-2017 for: \$59,868.60

Emergency medical services care for dialysis patients. RIM Project

Bartolacci J, Swain J, Tennankore K, Goldstein J

Funding Institution: Koller in Neuroscience. Awarded on: 01-May-2016 for: \$5,000.00

A system-based approach to reducing high-cost healthcare use by addressing the needs of complex patients.

Edwards L, Kephart G, Carter A, Jensen J, Goldstein J

Funding Institution: NSHRF. Awarded on: 01-March-2017 for: \$49,984.32

DEPARTMENT OF EMERGENCY MEDICINE

Comparison of Paramedic palliative support for cancer and non-cancer patients. RIM Project

Robinson B, Carter A, Harrison M, Arab M, Goldstein J

Funding Institution: Dalhousie University, RIM Funding. Awarded on: 15-May-2017 for: \$5,000.00

Predicting Emergency Department delirium with an interactive customizable tablet to prevent repeat visits (PrEDDICT-PreV) App.

Goldstein J, Lee J, Thomas A

Funding Institution: Centre for Aging and Brain Health Innovation. Awarded on: 17-Aug-2017 for: \$75,562.50
