The Department of Medicine, Dalhousie University/Nova Scotia Health Authority seeks applications for a position as an Academic Interventional Cardiologist with the Division of Cardiology, at the QEII Health Sciences Centre, Halifax, Nova Scotia.

Candidates must hold FRCPC or equivalent certification in Cardiology with additional training in Interventional Cardiology. They must also be eligible to have appropriate licensing for Cardiology with the College of Physicians and Surgeons of Nova Scotia. Preference will be given to applicants with advanced skills, for example (but not limited to) complex coronary intervention, treatment of chronic total occlusion and to those with a strong academic background.

The Division of Cardiology is one of 15 divisions within the Department of Medicine. In addition to playing an important clinical role in the Department, division members have excellent opportunities for collaborative educational and research endeavors with protected time for scholarly activities to ensure rewarding, fulfilling career development.

An attractive remuneration and benefits package through an alternative funding plan will apply. Nova Scotia offers exceptional cultural and recreational opportunities in addition to a high quality of life.

All qualified candidates are encouraged to apply; however Canadians and permanent residents will be given priority. The Department of Medicine is committed to fostering a collegial culture grounded in diversity and inclusiveness.

Please send Curriculum Vitae and names and addresses of three referees to:

Chad Shearer
