

OBJECTIVES FOR WEDNESDAY SEMINARS

Heart Palpitations

***PLEASE NOTE: THIS SEMINAR WILL BE INTRODUCED IN THE 2020-2021 ACADEMIC YEAR**

1. Describe the differential diagnosis of palpitations
2. Understand how to take an appropriate history for palpitations to narrow the differential diagnosis
3. Understand the role of testing in the work-up of palpitations
4. Develop an approach to the management of palpitations (medications and non-pharmacologic)
