OBJECTIVES FOR WEDNESDAY SEMINARS

Using Oxygen Wisely

1. Describe the types of devices available to administer oxygen
(This objective has been added to the 2020-2021 Academic Year Syllabus)
2. Understand which patients are at risk for increased pCO₂ with over oxygenation
3. Understand the mechanisms by which high inspired O₂ can cause hypercapnia and the adverse effects
4. Understand and implement safe use of oxygen in emergency situations
5. Understand the guidelines for use of Long Term O₂ Therapy
