Tuesdays, 0800-0900

Via Zoom

April 28, 2020

8:00-8:30: COVID Update for DoM Members, Led by Christine Short

8:30-9:00 **Title: How do frailty and illness severity interact in acutely ill patients?**
Presenters: Samuel D. Searle and Kenneth Rockwood
(Division of Geriatric Medicine)

Objectives:

- To evaluate the impact of frailty and illness severity on the outcomes of acute illness in older adults.
- To illustrate how clinicians can quickly track what successful recovery looks like in frail patients who are acutely ill.
- To discuss what this means for ethical decision-making about access to scarce resources in the setting of a pandemic.

Evaluation:

- Complete evaluation on line at <https://survey.nshealth.ca/DoMGrandRounds>
