Grand Rounds are a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada

Grand Rounds are available in person at the Halifax Infirmary, and via Telehealth. Please contact [Heather.Fraser@nshealth.ca](mailto:Heather.Fraser@nshealth.ca) if any questions.

## ROUNDS OBJECTIVES

### **December 4**

Dr. Lori Connors

*“Immunodeficiency for the Internist: Cases from the MTU”*

Objectives:

By the end of this session, participants will be able to:

- List warning signs of immunodeficiency;
- Distinguish between primary and secondary immunodeficiency;
- Describe common adult presentations of immunodeficiency;
- Explain appropriate work-up and treatment of humoral immunodeficiency.

### **December 11**

Dr. Andrew Moeller

*“Liquid Iron – Improving Health of Heart Failure Patients with IV Iron Transfusion”*

Objectives:

- Understand physiologic reasons for iron deficiency in patients with heart failure.
- Review the literature surrounding iron replacement patients with heart failure.
- Appreciate how iron supplementation improves symptoms and outcomes in patients with heart failure.

### **December 18**

Special Rounds – Resident Presentation

*“Faculty Roasting on an Open Fire”*

### **December 25**

Cancelled - Holidays
